HARNESSING DEEP TECH FOR ONE HEALTH

Join Da Vinci Labs and La Fabrique du Futur for an enlightening seminar focused on the 'One Health' approach, as defined by the World Health Organization (WHO). This integrated strategy seeks to balance and optimize the health of people, animals, and the environment. Our seminar will highlight the transformative potential of deep tech in tackling global health threats, mitigating climate change, protecting ecosystems, and reducing carbon footprints. By fostering community synergies and engaging policymakers, we aim to drive societal and environmental betterment while bolstering European deep tech sovereignty.

Co-funded by
the European Union

GRANT AGREEMENT NO. 101082732

GRANT AGREEMENT NO. 101080142

GRANT AGREEMENT NO. 101070922

OBJECTIVES

1. Raise awareness about deep tech for good
2. Foster community and create synergies
3. Engage policymakers

AGENDA

- 14:00-14:30** ● **WELCOME RECEPTION**
Nadège Grabowski / Da Vinci Labs
Eric Seuillet / La Fabrique du Futur
- 14:30-15:00** ● **AI SERVES OUR NATURAL ENVIRONMENTS**
Quentin Voituren / AXA Climate (SWIFTT Partner)
- 15:00-15:30** ● **FROM LAB TO BEDSIDE: DISRUPTIVE BIOTECHNOLOGY APPLICATION IN HEALTHCARE**
Luc Henry / Limula (PAT4CGT Partner)
- 16:00-16:30** ● **ENHANCING INDUSTRIAL APPLICATIONS WITH QUANTUM ALGORITHMS**
Krisztian Benyo / Pasqal (EQUALITY Partner)
- 16:30-17:30** ● **PANEL DISCUSSION: DEEP TECH TO DRIVE ECONOMIC GROWTH AND SUSTAINABILITY AROUND ONE HEALTH**
- 18:00-19:00** ● **NETWORKING**

TARGET AUDIENCE

- Corporate leaders and industry experts
- Policymakers
- Media
- Deep tech RTO
- TTO of the main universities
- Curious stakeholders: researchers, founders, etc.
- EIC members (board, PM, etc.)

ORGANISERS

DA VINCI LABS

Da Vinci Labs (DVL) is a deep tech incubator and accelerator fostering synergies between synthetic biology, artificial intelligence, and quantum computing to address environmental challenges while bolstering European

deep tech sovereignty. DVL accelerates innovation through tailored training, mentoring, and by facilitating access to fundraising and technical marketing. Engaged in six EU projects that collectively raised €38.5M, DVL also invests in startups, notably leading the seed round for Loyaltech to drive impactful, sustainable solutions.

LA FABRIQUE
DU FUTUR

La Fabrique du Futur (FDF) is an "operational think-and-go tank" dedicated to democratizing foresight and promoting responsible, civic innovation aligned with sustainable development. Acting as both

a research center and a laboratory for emerging trends, FDF supports companies, organizations, and project leaders in co-creating ethical, human-centered solutions. By fostering collaboration among like-minded stakeholders, FDF aims to envision and build desirable futures that are sustainable and beneficial to society.

VENUE

ISC Paris, located in the vibrant city of Paris, offers an excellent venue for the seminar. With its modern lecture halls, advanced technology, and central location, ISC Paris provides a perfect setting for insightful

discussions and networking opportunities. This esteemed institution's commitment to educational excellence ensures a conducive atmosphere for our seminar.

This event is by invitation only.

To secure your spot at this insightful seminar, please scan the QR code or click the Pre-register button.
